

## Accelerated Reader

The purpose of Accelerated Reader is to enable powerful reading practice. Students select and read books appropriate for their reading level with teacher or parent guidance. Once students have read their book they take a Reading Practice Quiz that provides a general measure of their reading comprehension. Students should aim for a score of 80-100%. Teachers monitor their students' progress and provide appropriate classroom instruction on reading. Valley students access the new web-based program at the school with their own unique username and password. Students will continue to take AR quizzes at school only.

### Logging In to Accelerated Reader Renaissance Place as a Parent

Parents should follow these steps to log into the program:

1. Start your internet browser and go to the Accelerated Reader website address.  
<https://Hosted49.renlearn.com/703008/HomeConnect/Login.aspx>  
(Recommended browsers are Internet Explorer, Firefox or Safari.)
2. Click Parent on the Welcome page.
3. Type the user name and password you received from the school librarian, Diana Carr, on the parents login page.
4. Click Log In.
